

Abki 'ala shaami  
stay strong Ummat Muhammed, dont flee  
become martyrs, the best through Allah's eyes, you see?  
wish I could help provide, with aid and standing side by side,  
but for now my duas are key,  
I apologize, but my tears are what subsides to what help I could be.  
Stand up Oh blessed nation, soon you will be free.  
Through the words of the Almighty:  
After every hardship, comes ease.
